Google Next

Motion artist/Editor 2025

As a freelance contractor, I was part of the team creating client use cases for Google Cloud AI. The event featuring these use cases is available on YouTube.

SUSE

Editor 2025

I work as a freelance editor for SUSE AI, contributing to a small remote team that produces corporate highlight videos. I regularly collaborate with sound designers, motion artists, and producers.

MELT INTERACTIVE

3D visuals animation 2022 - 2023

I animated and created 3D/2D animation packages for live events, working with clients such as Insomniac and Fenty.

E-NFT

2D & 3D compositor 2021 - 2022

I handled 2D motion graphics and was responsible for the final compositing of 3D animation projects. My role also encompassed color grading, 3D modeling, and texturing when required.

Hyper X E-sports arena

Videographer/Editor 2019 - 2020

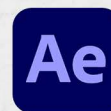

I handled the concepting and editing of daily content for live shows and social media recaps, frequently delivering on the same day.
